IMPORTANT SAFETY INFORMATION

Voluntary firearm storage can be part of a safety plan, but it does not replace emergency care. Help is available now: call or text **988** for the Suicide & Crisis Lifeline, call **911** for emergency services, or go to the nearest emergency department.

FOR GUN OWNERS, BY GUN OWNERS

Founded in 2018 by liberty-minded gun owners, Hold My Guns® pioneered voluntary, off-site firearm storage through partnerships with licensed retailers.

WHEN STORAGE HELPS

Off-site storage supports gun owners in a variety of situations. These may include military deployment, travel, home sale or renovation, suicide prevention, foster care requirements, and other household concerns. Whatever the private reason, voluntary firearm storage equips gun owners with a secure, life-affirming option from within the firearms community.

Gun owners **retain ownership** of their firearms while in storage. Only they may retrieve them through the agreed pickup process.
